

## Fall 2019

**Dr. Jay Gottfried**, *Professor, University of Pennsylvania*

**Neurobiology of the Human Sense of Smell**

*Wed, September 18, 2019, 3:30pm, PDB A211*

**Dr. Carmen Varela**, *Assistant Professor, Florida Atlantic University*

**Thalamic Networks and Mechanisms of Learning and Memory**

*Wed, September 25, 2019, 3:30pm, PDB A211*

**Dr. Eric Krause**, *Associate Professor & Director, Center for Integrative Cardiovascular & Metabolic Diseases, University of Florida*

**CNS Coordination of Behavioral and Physiological Responses to Stress**

*"Grad Made Good", Wed, October 2, 2019, 3:30pm, PDB A211*

**Dr. Donna Maney**, *Professor of Psychology, Emory University*

**Neuroendocrinology and Neurogenetics of Behavior**

*Wed, October 9, 2019, 3:30pm, PDB A211*

**Dr. Kevin Grove**, *Vice President, Obesity Research, Novo Nordisk*

**Next Generation Therapeutics for Obesity**

*Wed, October 16, 2019, 3:30pm, PDB A211*

**Dr. Eduardo Perozo**, *Professor, University of Chicago*

**Molecular Mechanisms of Ion Channel Gating**

*Wed, November 13, 2019, 3:30pm, PDB A211*

**Dr. Garret Stuber**, *Professor, University of Washington*

**Neural Circuits that Mediate Motivated Behavior**

*Wed, December 4, 2019, 3:30pm, PDB A211*

## Spring 2020

**Dr. Katie Ehrlich**, *Assistant Professor, University of Georgia*

**Early Life Adversity and Pro-Inflammatory Phenotypes in Adolescence**

*Wed, January 22, 2020, 3:30pm, PDB A211*

**Dr. Courtney Miller**, *Department of Molecular Medicine, Scripps Research Florida Campus*

**Role of Memory in Addiction and PTSD**

*Wed, January 29, 2020, 3:30pm, PDB A211*

**Dr. Will de Lartigue**, *Assistant Professor, Department of Pharmacodynamics, University of Florida*

**Neurobiology of Feeding**

*Wed, February 12, 2020, 3:30pm, PDB A211*

**Dr. Scott Kanoski**, *Associate Professor, University of Southern California*

**Neurobiology of Obesity, Overeating, and Energy Balance**

*Wed, March 11, 2020, 3:30pm, PDB A211*

**Dr. Erin Calipari**, *Assistant Professor, Vanderbilt*

**Neural Circuit Dysfunction Underlying Neuropsychiatric Disease**

*Wed, March 25, 2020, 3:30pm, PDB A211*

**Dr. Xin-Yun Lu**, *Eminent Scholar in Translational Neuroscience, Augusta University*

**Role of Metabolic Dysfunction in Mental Disorders**

*Wed, April 22, 2020, 3:30pm, PDB A211*
